B. Consent Agenda
1. Approval of Bills (Items on Consent Agenda will not be discussed unless a request is made to remove an item for discussion)
   It was moved by Alderman Heatherly and seconded by Alderwoman Twomey to approve the Consent Agenda as presented.
   Alderman Willhardt asked to have the bill for Courtney and Aldrich removed for discussion as he was not clear as to why the City is paying for the MFD and MPD Pensions audit when it was his initial understanding that it would cost the City nothing. Mayor Davies explained that Courtney and Aldrich was actually doing the City’s bookkeeping for these funds using figures supplied to them by a City employee who was being paid to do the bookkeeping. Administrator Crow further explained that in order to meet the new guidelines set by the I.D.O.I. it was necessary to expedite the whole process to meet the October 31st deadline. This could only be done by using an auditor to review the audits of the two pension funds in order to get the figures to an actuary to determine the actuarial figures for the pensions by October 31st. Mayor Davies then called for the vote on the above motion. AYE: Alderman Rutledge, Alderwoman Twomey, Aldermen Wells, Heatherly, Godina and Alderwoman Johnson NAY: Alderman Willhardt ABSENT: Alderman Daw MOTION CARRIED.
C. Committee of the Whole Discussion Items – possible action to follow

Becky Shearer, owner of J.B.’s Woodshed on East 1st Avenue, requested on behalf of A.B.A.T.E. of Illinois, Inc. permission to close the 100 block of East 1st Avenue on August 19th from 7:00 to 9:00 p.m. to allow for parking of motorcycles. J.B.’s Woodshed is hosting a bike show to promote and educate motorcycle safety. This is the third of three bike shows sponsored by Central Illinois A.B.A.T.E., WMOI Radio Stations and Euclid Beverage. Around 100 motorcycles are expected for the show and that is why a request is being made to close the 100 block of East 1st Avenue. All businesses in that block have been notified with no objections expressed and the proper Certificate of Liability is on file in the Clerk’s office. **It was moved by Alderman Heatherly and seconded by Alderwoman Twomey to approve the above-stated request.** AYE: Alderwoman Twomey, Aldermen Wells, Willhardt, Heatherly, Godina, Alderwoman Johnson and Alderman Rutledge NAY: none ABSENT: Alderman Daw MOOTION CARRIED.

2. Zoning/Community Development June Report – Director Schuytema

a. Zoning

- Zoning Administrator Wade Woodward and City Administrator Lowell Crow are conducting interviews to find a replacement for Guin Tuttle, the Code Enforcement Officer/Zoning Administrative Assistant.
- Junk and Debris is continuing to increase in notices issued, fines paid and clean-ups. Permits issued remains about the same as last year.

b. Community Development

Director Schuytema said that he attended the quarterly Workforce Board Meeting which focused on the Federal emphasis for the age group of 17-24 year olds and developing programs to assist them in seeing work opportunities in their communities. The C.E.O. program that the City is attempting to bring to Monmouth dovetails very nicely with this emphasis. There will be an initial meeting held at Security Savings on July 27th at 3:00 p.m. to give local people and some of the potential funders information about the C.E.O. Program.

The Business Council will be submitting their request for the Bacon Fest Event at the next Council meeting.

Director Schuytema noted that he wanted to give the Council some background on the City’s retail development vision and a summary of the work that had been done with and by Retail Coach during their initial contract year. The City’s retail strategy for retail recruitment and growth is based on the two downtown strategic plans that were compiled and the plan that was developed when the City was applying for an expansion and extension of their Enterprise Zone.

There are three main areas targeted for retail expansion: The Bypass Area in the Enterprise Zone, the North Main Area and the Downtown Area.

Retail for the Bypass Area can be new construction, franchises either regional, national or a local business,

Retail for the North Main Area would most likely be a mixture of local entrepreneurs and larger franchises.
Retail for the Downtown Area would primarily be local entrepreneurs ("Mom and Pop" businesses).
During the first five months of the contract with Retail Coach, they focused on providing the City with updated data such as psychographics and purchasing patterns, which is vital information in order to attract retail and to work with existing local businesses.
The best use of our local resources is to work with local “Mom and Pop” businesses to help them grow and be a success. This takes a great deal of time.
In his opinion, Director Schuytema feels that the weakest link in the City’s retail development is being able to work with larger franchises. It is a complicated process with a number of components to work with and bring together. It would be best to work with Retail Coach for the next several years and utilize their expertise in this area as this is not a short term process with immediate results. Retail Coach gives the City another tool to be able to attract economic development. It does not get in the way of working with our local businesses, but it enhances the work with these businesses.
The City was very fortunate to have received the funds from the America’s Best Community contest, which enabled us to be able to hire Retail Coach to assist us with our retail economic development. Director Schuytema explained that time spent with Outreach Mission and Support Program was to help them with a small business plan for a not-for-profit group that is being set up to create an outlet here in Monmouth and on-line for leather goods produced in the Lake Chad area of Africa. While helping Mr. Mono develop a business plan, he learned that the Small Business Center does not provide assistance for not-for-profit groups.

3. MFD June Report – Chief Rexroat
- There were a total of 122 calls in the month of June. There were only three small fires with no structures involved.
- Captain Ryan Armstrong and Ralph Peeler attended a Commander General Staff class hosted by the Davenport Fire Department and instructed by the Illinois Fire Service Institute. The class teaches the firefighters about being an incident commander at large incidents that may cover several days.
- Firefighters assisted at the Police Department entry-level testing by taking medical information from the candidates at the physical agility test.
- During the wind storm all departments worked very well together.
- Entry-level testing for the fire department is conducted every two years. The Board of Fire and Police Commission will be conducting entry-level firefighter testing on July 16th at the Monmouth College Huff Center.
   ➢ The windstorm brought down many trees and limbs. Public Works has been picking up limbs and debris that is on the boulevard. Storm debris pick-up will end this Friday, July 8th.
   ➢ Road work has been delayed about one week due to the State budget impasse. Now that the stop gap budget has been passed, the North 6th Street project will begin on July 11th and the MFT Resurfacing Program will begin on July 25th.
   ➢ Wade Woodward, Zoning Administrator, met with local restaurants to educate them on the use of grease traps and the cost to clear the sewer system if a back-up occurs.
   ➢ Alderman Heatherly asked if the water meters that are being replaced are being replaced with the digital read meters to which Director Jackson replied that the City is doing a few at a time. Administrator Crow said that it was budgeted to buy 25 digital read meters per month.

   1) C.S.O. Project – upgrade two screw pumps – 30% of the design submittal has been given to the City with 90% design submittal to be completed in August. The final design submittal will be ready to be submitted in September.
   2) Well Project. The City received two bids. The lowest bid was from Leander Construction and the second bid was from Laverdiere Construction. W & C is still reviewing the bids.
   3) Treatment Plant Upgrade. W & C has solicited a quote from TONKA, the manufacturer, in order to by-pass the price increase from having the contractor purchase the water softeners and are awaiting the quote.
   4) North Plant Upgrade. The cost estimate is being finalized this week as W & C is still waiting on the electrical estimate. There should be more information on this in our August update.
