V. ORDINANCES

A. 1st Reading

1. 16-021, Amending “Restricting Parking” East and South of M.C. Campus

Mayor Davies explained that per the request of residents in some of the restricted parking areas around the college, this Ordinance is to amend and reduce the number of streets in the original Ordinance 12-024. The original intent was to protect the residents from having college students parking continually in front of their property and driveways. Alderman Willhardt expressed his gratitude for bringing this ordinance to Council to reduce the number of blocks in the restricted parking area, but he would like to add to the blocks and have it include removing the blocks on 7th, 8th and 9th down to 3rd Avenue. He said this parking of vehicles of college students has been one of the biggest issues in his Ward 3 that he has had to deal with since becoming an alderman. Mayor Davies responded that he was concerned with the building of the new sorority houses with no parking lots provided for at the present that it very well may push the parking down to 3rd Avenue, but to start with he would like to just include the streets listed and then re-visit the issue when the parking lots are built. It was moved by Alderman Daw and seconded by Alderman Rutledge to approve Ordinance 16-021, amending Ordinance 12-024 that restricted parking East and South of the Monmouth College Campus. AYE: Aldermen Wells, Willhardt, Heatherly, Alderwoman Johnson, Aldermen Rutledge and Daw

NAY: none  MOTION CARRIED.
3. 16-019, Variance for Animal Rescue Shelter, 303 W. Harlem

Mayor Davies explained that based upon the concerns of the neighbors to the proposed animal shelter and the concerns of Council he is asking the Council to postpone voting on the approval of the variance in order to allow City staff to work with the groups involved to find a reasonable solution or alternative site such as one near the current animal shelter or next to the Cemetery on East Jackson. **It was moved by Alderman Wells and seconded by Alderman Daw to postpone the vote on granting a Variance for the Animal Rescue Shelter until the second meeting in November, which is November 21st.** Alderman Heatherly asked Dan Porter, President of the Western Illinois Animal Rescue Organization if he was satisfied with postponing the vote to which Mr. Porter replied that he was not. Alderman Rutledge questioned as to why the Council should delay voting if the ZBA had already recommended approving the variance. Mayor Davies said that he is just trying to find a solution that would work for everyone as he is not sure that the majority of the Council want to follow the recommendation of the ZBA at this time. Aldermen Heatherly and Rutledge questioned as to why have a zoning board if the Council is not going to follow their recommendations. Mayor Davies said that most of the time the Council does follow the recommendations of the ZBA. Alderman Heatherly then asked members of the audience to address the Council with their view points.

Pam Van Kirk, a lifetime resident of Monmouth, said that she volunteers for the rescue shelter and has been so impressed with what a dedicated group of people the Western Illinois Animal Rescue Organization are. The dogs are walked at least six times per day, which includes night time. Many of the volunteers are single women and they would not feel safe walking the dogs at night time in the more remote areas previously mentioned. At the current site, there are businesses around and traffic coming and going, which makes the women feel safer. Alderman Willhardt thinks the group is doing good work, but at the present time is not ready to vote on the location.

Dan Porter, President of the Western Illinois Animal Rescue Organization, addressed the Council next. He said that he wanted the Council to be aware of the fact that the City’s former Zoning Inspector Joe Miller assured the group that the zoning was appropriate to put the shelter in this area. Mr. Porter also pointed out that he would never have donated the property for this purpose if he had not been given the word that the zoning allowed for a shelter to be located there. Construction is already behind schedule due to the whole process of having to ask for a variance to receive approval from the ZBA and the City Council. He does not want any more delays and is asking the Council to vote on the Variance tonight.

Elaine Segal also addressed the Council to let them know that there should not be any concerns over barking dogs as the dogs are cared for 24 hours a day and in the last year there have not been any complaints about barking dogs at this site. She also stated that she would not be comfortable walking dogs at night in a more remote location.

City Attorney Spears pointed out that there was a motion and a second on the floor to postpone voting on the Variance and that someone should call the question. **The question was called by Alderman Wells to vote on postponing the vote on granting a Variance for the Western Illinois Animal Rescue Shelter until the November 21st Council meeting. AYE: Aldermen Daw, Wells and Willhardt NAY: Alderwoman Johnson, Alderman Rutledge, Alderwoman Twomey and Alderman Heatherly It then was moved by Alderman Heatherly and seconded by Alderman Rutledge to follow the recommendation of the ZBA and grant a Variance to construct a no-kill animal shelter located at 303 West Harlem in an M-1 Zone.**
AYE: Alderman Rutledge, Alderwoman Twomey, Aldermen Daw, Willhardt and Heatherly  NAY: Alderman Wells  MOTION CARRIED.

4. 16-020, Amending Section 131.39 Entitled Possession of Cannabis Prohibited
   Chief Feithen explained to the Council at the last meeting that the State Legislature recently passed a law with regards to the possession of a small amount of cannabis. They raised the amount from 2.5 grams to 10 grams or under and made it a civil penalty rather than a criminal offense. The MPD would like to match the State’s law of 10 grams or under to be able to write an ordinance violation ticket that would be a civil penalty rather than a Class C misdemeanor. The City’s fine would be bumped up to $150 versus a minimum of $100. The fine would also be increased for a second offense. At the last meeting, City Attorney Spears also explained that there is no requirement to do this, but if we do pass a local ordinance the fine money will go to the City rather than the State.  AYE: Alderman Rutledge, Alderwoman Twomey, Aldermen Daw, Wells, Willhardt, Heatherly and Alderwoman Johnson  NAY: none  MOTION CARRIED.
