VI. ORDINANCES

1. 1st Reading

Mr. Marshall addressed the Council with regards to the request for re-zoning of the property on East Boston and 5th Street from R2 Residential to Public Service to allow for the construction of a parking lot with connection to the storm sewer. He stated that there would be striped spaces for 55 vehicles. He added that the College had partnered with the City in installing a new storm sewer that would go under North 6th Street to connect with the newer storm sewer that was installed on the College property several years ago. Mayor Davies commented that Woodard and Curran had reviewed and approved the plans for the parking lot as well.

Mr. Troy Merry who lives at 608 East Boston Avenue across the street from the proposed parking lot asked to address the Council. He expressed his concerns about there being issues with extra trash, vandalism, noise and theft. Decreased property values were also an issue with Mr. Merry. Mr. Marshall said that there would be some landscaping to enhance the looks of
the parking lot and to provide a buffer between the lot and the sidewalk. In response to Alderman Willhardt’s question as to whether there were trash problems in other College parking lots, Mr. Marshall stated that all the parking lots are policed for security and trash clean-up, which keeps there from being problems. Alderman Godina questioned the fact that many times the parking lot on North 11th didn’t seem to be full and therefore he wondered why there was a need for another parking lot. Mr. Marshall responded that the students didn’t want to walk that far to campus from that lot and the bulk of the students live in Bowers and Petersen Halls, which are located next to the proposed parking lot; therefore, he felt that the proposed lot would definitely be full.

Alderman Daw asked Mr. Merry what would make the situation better for him as a property owner to which Mr. Merry responded that he would be happy with a green space.

Prior to the vote being taken, Chief Feithen asked if the College could place a limit on the height of the landscaping in order to allow the lot to be visible to officers patrolling that area. Mr. Marshall said that would be duly noted and provided for in the design. It was moved by Alderman Heatherly and seconded by Alderman Rutledge to follow the recommendation of the Plan Commission and approve the re-zoning of the property on East Boston and 5th Street from R2 Residential to Public Service to allow for the construction of a Monmouth College parking lot with connection to the storm sewer. AYE: Alderman Heatherly, Alderwoman Johnson, Alderman Rutledge, Aldermen Daw, Wells and Willhardt NAY: Alderwoman Twomey PASS: Alderman Godina MOTION CARRIED.
