V. COMMITTEE OF THE WHOLE

The Mayor asked the City’s IT Director, Ken Helms to explain to the Council what has been happening with our Social Media efforts. Director Helms said that the department has been working on increasing the City’s social media presence on Facebook and our Website with most of the effort concentrated on Facebook. The car show was live-streamed through the Police Department’s “sky watch trailer”. A major news outlet picked it up and there were over 600,000 likes with a number of people from all over wondering where Monmouth was located. Also, quite a few former residents thanked us for live-streaming the event as it kept them in touch with Monmouth when they couldn’t be physically present. The fireworks on the 4th of July were also live-streamed and had great responses. The Mayor and Council thanked Ken for all his efforts.

City Attorney Spears stated that a waiver of liability is not 100% effective in Illinois and therefore, he is concerned about liability to the City in the case of damage. After further discussion, Mayor Davies asked the City Attorney to draft an agreement to be voted on at the next Council meeting.

F. Engineering Service Agreement – Water Main Replacement – 9th Ave. & S. 5th

The proposed enclosure is made up of three metal gazebos that are 10’ by 10’ with a ledge completely around the outside to constitute a fenced in area. Entrance would be from the inside of the restaurant with the exception of a handicapped accessible entrance from Market Alley that would only be used for persons with disabilities who are unable to use the main entrance. Concerns were raised about the impact that the sidewalk café would have on how serving and seating during Market Alley Music Days was done.
