C. Committee of the Whole Discussion Items – possible action to follow
1. Community Development December Report – Director Schuytema
   The on-line statistics for the City’s website and Facebook page demonstrate that it is working well.
   We have been tracking the opening and closing of businesses in Monmouth since 2011 and those statistics show that there have been 25 more businesses that have opened and remained open than have closed.
   The former Olivia’s restaurant has been purchased from the First State Bank by Josh Smith who is in the process of exploring options for developing the property.
   Applications for the C.E.O. program are being distributed to the Monmouth-Roseville and United High Schools tomorrow, January 4th.
   The first Co-Working Day held at the Public Library for tele-commuters was a success.  The next one is being held at the same location on Thursday, January 11th.
2. Building and Zoning December Report – Director Woodward

- A contractor hired by IMI Cornelius obtained a permit for installing solar panels on the entire building located on Route 67. These panels will supply 100% of the plant’s power.
- The addition to the Y.M.C.A. is complete.
- Junk and Debris clean-up has been going well until the week of Christmas, which has resulted in more reports of junk and debris being left on the curb.
- I have been invited to speak on January 9th to the Inter-Cultural Committee with regards to zoning regulations here in Monmouth.
- Natalie and I are working on adding new categories for the monthly report in order to clarify placement of amounts and values in the report.
- Wells Pet Foods has met with me to review plans for putting in a new office and training room in the existing plant.

3. Woodard and Curran November Report – Director Jackson

- Well #10 drilling has been completed. The casing went down 1,140 feet with the liner going down a little over an additional 1,300 feet. A twenty-four hour continuous pump test to determine the well yield and the impact on the aquifer was conducted before Christmas. The flow was good and the draw-down on the aquifer was only about an additional two feet. Now the water samples and paperwork will be submitted to the IEPA, which will review them for 60 to 90 days and then will issue a construction permit that will allow the City to finish the project.
- The CSO Phase I project has been put out for bids with a bid opening to be held here at City Hall on the 17th of January. Approval for the bid will be presented at the February 6th Council Meeting and there will be a 26 week lead time for the manufacture of the screw pumps with a total of about 6 months before delivery to the City.
- In order to begin addressing the City’s aging infrastructure and to implement a plan that will hopefully prevent dealing with major collapses, Director Jackson along with two Woodard and Curran run-off expert engineers walked the main interceptor route last November. This main route begins at Strom Center and runs under the Bijou Pub, the 1st Street Armoury, continues under East Broadway near 516 E. Broadway in the lowlands and ends up at 6th Street near the College.

4. Approval of Demolition Bids for 309 N. F Street and 623 S. 8th Street

Building and Zoning Director Woodward explained that we received three bids for each property. Bob Munson had the low bid of $6,500 for 309 N. F Street and $7,500 for 623 South 8th Street. It is Director Woodward’s recommendation to accept the two bids from Mr. Munson. It was moved by Alderman Wells and seconded by Alderman Rutledge to approve the bids from Bob Munson for the demolition of the two above-mentioned properties. AYE: Aldermen Daw, Wells, Willhardt, Heatherly, Clark, Alderwoman Johnson and Alderman Rutledge NAY: none ABSENT: Alderwoman Twomey MOTION CARRIED.
V. ORDINANCES
   A. 1st Reading
      1. 17-001 Granting a Variance – Arteaga
         Director Woodward explained that the Zoning Board of Appeals met on December 14th to consider a request by Ramiro Artega of 722 North 1st Street to be granted a variance to add an lean to structure to make it a garage. The ZBA is recommending approval of granting a variance.  
         It was moved by Alderman Heatherly and seconded by Alderman Rutledge to accept the recommendation of the ZBA and approve granting a variance to Mr. Artega.
