INCIDENTS OF NOTE:

*The Department has continued to monitor the COVID situation and has taken measures to mitigate the exposure of officers and the public. All MPD personnel are wearing masks while on shift and are only meeting a complaining party face to face when necessary.

*A phone was installed in the lobby of the Police Department to further protect officers and the public. The phone can ring into the dispatch center or the interview room next to the lobby so someone making a complaint can speak with a dispatcher or officer without coming in contact with them.

*All personnel are briefed on a daily basis of any changes that are put out by the Warren Co Health Dept, Illinois Department of Public Health and the Illinois State Police. All personnel are washing their hands, using hand sanitizer and cleaning their work spaces.

*Officers are continuing to be highly visible in the community during their shift. They are still patrolling the community as before.
